

Kids & Critters Summer Camp is designed to be a fun & educational camp experience for kids who love animals. Each camp day includes some **interaction with various animals**, but that's only one part of the camp experience — Critters Camp includes lots of other **animal-related activities** too. There will be learning opportunities, indoor and outdoor games, crafts and guest speakers.

Each week has a slightly different focus — campers will have the opportunity to learn about different types of animals in an exciting and high-energy environment.

It will be amazing! Come and join us!

LOCATION:  
445 Cornwall Road  
Oakville, Ontario L6J 7S8
