

Families in Transition Program

Are you a pet owner facing homelessness? **We can help.**

The Oakville & Milton Humane Society (OMHS) can offer a safe and welcoming environment for your pet while you seek housing supports.

OMHS recognizes the need to serve vulnerable at-risk and homeless families with pet shelter assistance. For these individuals and families transitioning through difficult times, the inability to keep their pets with them is often a huge component of overall well-being and mental health.

The Families in Transition program offers a range of services to ensure your pet's safety while you look for housing supports:

- Temporary foster care and boarding
- 24/7 medical/veterinary care
- Pet food and supplies
- Visitation (where possible)

For more information about the program or if you would like to see if you are eligible, please contact us at:

- FIT@omhs.ca or
- **905-845-1551**

*The FIT program is generously supported by the
Halton Region Community Investment Fund*
