

OMHS Homeschool Program

ABOUT:

The OMHS Homeschool Program is a fun and engaging program for homeschooled children aged 7-10 who love everything about animals! Learn about lots of different animals, participate in crafts and activities, and meet new furry and scaly friends in each 1.5h session! Each month we'll offer a different theme. Register your student for one or more exciting topics and see how much fun humane education can be!
